PROFILED ALUMINIUM HOOP

- 2 piece unit for easy transport

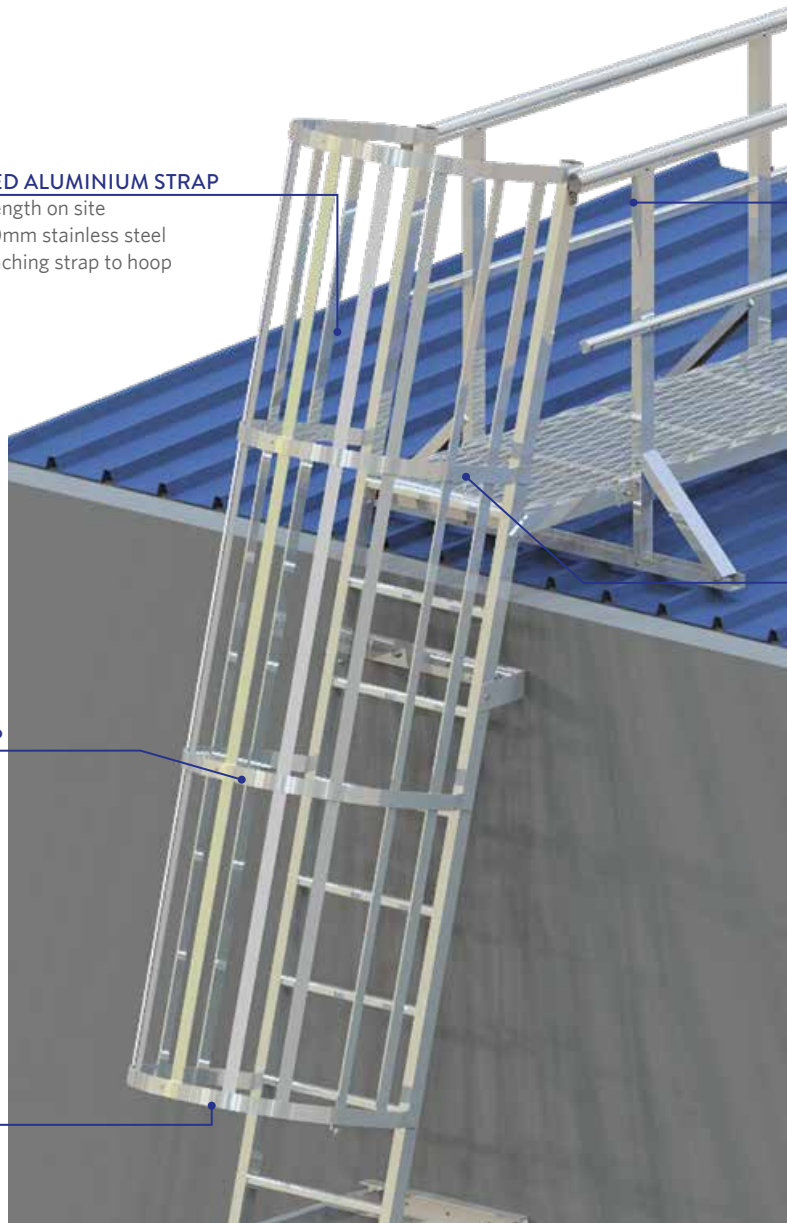

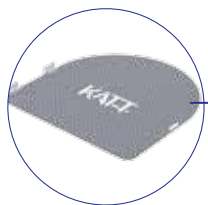

SLOTTED PROFILE

- Allows easy positioning and attachment of cage hoop to strap

LOCKABLE GATE

- Pre punched hinge holes for easy installation

UNIQUE
PRODUCT FEATURE

MODULAR FALL PROTECTION CAGE

FOR EASY ON SITE ASSEMBLY

Regulations stipulate precise cage entry height dimensions requiring cages to be built site specific. Slotted extrusions allow easy assembly and precise length adjustment can be ensured by trimming the profiled strap extrusion to the correct length.
